THE GNAS TARGET ARCHERY RANKINGS

WORDS: Peter Jones RANKINGS: Bob Tonkin PHOTOS: James Grimston

Chris White, Simon Terry, Naomi Folkard, Nicky Hunt and Nichola Simpson dominate the 2009 rankings.

Nicky and Nichola head the women's compound list, which is no surprise given their form during the year, and that both achieved scores of 1400 during the course of it.

Indeed, the Compound archers achieved a noticeable number of scores of 1400 or more for the FITA Round, and / or 700 or more for the FITA 70m. In the men's compound list, Chris White continues his reign at the top of the list.

The Recurve archers are also producing excellent scores, with Simon Terry and Naomi Folkard in particular setting the standard – Simon, of course, winning a silver medal at the World Cup Grand Final in Copenhagen back in September.

A total of 367 archers completed the required shoots this year and are shown in the 2009 Rankings. This is an increase over 2008 and continues the trend of recent years.

There were 75 relevant World Record status events held in UK this year; details were also recorded from 25 events held outside UK. In all, about 1600 archers shot eligible scores. It was noticeable that a significant number of these archers were from the distant parts such the offshore islands. There are few, if any surprises in the lists.

The names at the top of each category will be familiar to those who follow the rankings. Encouragingly, a good number of junior (under 18) archers also feature.

BRITISH CHAMPIONS 2009

WORDS: Lynn Evans RANKINGS: Bob Tonkin PHOTOS: Archery GB

One more new section in *Archery UK* – and one that is long overdue in my opinion. We hope that putting together in one supplement, a roll of honour, list of rankings, and the achievements over the past 12 months of our international archers will – depending on your feedback – eventually lead to a Yearbook.

Congratulations to all our archers for their achievements of the year, and also to their support teams, families and friends. Knowing that that support is unconditional can make the difference by the closest margin of a line-cutter to secure a head-to-head win that is sometimes impossible to measure, but it does exist.

The 2010 outdoor season is almost here, so please join me in wishing all of our archers, at home and abroad, every success.

Good luck. Shoot strong and go for gold.

ARCHERY GB SUMMARY 2009

WORDS: Sara Symington PHOTOS: ArcheryGB

As Performance Director it's nearly nine months in post and its flown past, as I'm sure the next 910 / 943 days will be before both the Olympic and Paralympic Games. What is clear is the need to maximise everyday between now and then if we are going to meet our medals targets for both squads.

The move to Sutherland Hall offices and training facilities for the Performance Unit, has provided a 'home' for archers and staff where, for the first time, integrated training between staff, coaches and Sport Science practitioners can occur more naturally.

The International Events Calendar has continued to increase in size, and GBR attended 18 events in 2009. There were notable performances from all disciplines including double Gold at the Australian Youth Olympic Games, team silver at the World

Junior Championships, two bronzes at the Field World Games, three further medals at the Field European Championships, five medals at the Paralympic World Championships, ending on a high with an Individual Silver at the World Target Championships for Liam Grimwood and Silver for Simon Terry at the Archery World Cup (AWC) Series Finals.

Peter Suk left Archery GB after the World Target Championships, leading to Lloyd Brown (USA) being appointed as the Olympic Coach and started on the 5th January 2010. Archery GB welcomes Lloyd and his family to the UK.

Finally the Performance Unit is saying goodbye to Sarah Shelvock who has been with us since April 2006. We wish her good luck in her new job and a huge thank you for her work.
